

Wedding Fees for Community Members

This fee schedule helps the church cover the costs involved in helping you with your special day. The costs incurred for use of the building, staff, and other needs for a family's wedding choices are the responsibility of the family. Depending on the specifics of your wedding, some fees may be negotiated (increased or decreased) with the Wedding Director or Pastor.

Required Fees for a Wedding Ceremony

_____ **Deposit**

A non-refundable deposit of \$150 is required prior to reserving a date on the church calendar. Until the deposit is received, the desired date/time may be filled by another event.

_____ **Church Usage**

_____ **Wedding Director**

This covers complete planning and organization of the service, conducting the rehearsal, and assistance before, during, and after the wedding service. This fee may be more than \$250, depending on the size and complexity of the desired service.

_____ **Musician**

The musician's fee includes a short consultation by phone or email on musical selections and performance on organ or piano of pre-service and service music. The musician does not usually attend the wedding rehearsal. If requested, the musician may meet for an in-person consultation or can attend the wedding rehearsal for an additional fee. The couple shall be responsible for actual music costs if music must be purchased. Additional vocal soloists and other instrumentalists may be contracted through the church; contact the Director of Worship and Music for more information.

Service music typically includes one or two processions to accompany the nuptial party and bride or groom down the aisle and a recessional while the wedding party and guests exit the church. Service music may include additional selections during the service or congregational hymns. Additionally, the musician will perform about fifteen minutes of pre-service prelude music. **Please contact Philip McPeck, by email pmcpeek@edisonparkchurch.com.**
