

# National Junior Honor Society

Congratulations! You have completed the first step for membership consideration in the National Junior Honor Society. This means you have earned a 3.75 GPA or higher. A member of NJHS must also demonstrate leadership, character, citizenship, and service. These qualities are described below:

## **LEADERSHIP**

NJHS members demonstrate initiative in promoting school activities, exercise positive influence on peers, inspire positive behavior in others and are dependable in any responsibility accepted.

## **CHARACTER**

NJHS members consistently exemplify desirable qualities of behavior, demonstrate high standards of honesty and reliability, and regularly show courtesy and respect for others.

## **CITIZENSHIP**

NJHS members actively work to ensure the improvement of the lives of all students at BAS, enthusiastically participate in school activities and encourage others to do the same, and strongly demonstrate a positive respect for authority at all times.

## **SERVICE**

NJHS members cheerfully and enthusiastically render any requested service, volunteer and provide assistance when needed, and participate in service activities outside of school.

If you are interested in becoming a member of NJHS you will need to write a carefully constructed essay describing how you use, or will use, the above NJHS qualities within your community (school, church, neighborhood, etc.) as well as complete the attached survey sheets on service and leadership.

Please submit all the survey sheets and essay to Mrs. Munoz or Mrs. Steinert on \_\_\_\_\_.

*Note: Completing the forms and essay does not guarantee NJHS membership.*
