

Introduction

John 18 & 19 are a picture of the utter rebellious, hateful sinfulness of man

From man's perspective this is a miscarriage of justice, by God's design this is a substitutionary application of justice

Barabbas – bar means “son of”, abba means “the father”

The Humiliation by the Romans

- The flogging is a light whipping, intended to make the point “keep your nose clean”
- Jesus is being humiliated, shamed, and disgraced for all to see

The Hubris of the Jews

- Cry out is not merely loud, but uncontrollable rage
- Jesus has not “made Himself” anything, the Son of God is who He is
- Those who claim to uphold God's word reject the word of God made flesh standing in front of them

The Haunting Compromises Besetting Pilate

- There's a growing fear in Pilate Jesus is far more than Pilate has understood

The Hope-filled Providence of the Sovereign God

- Jesus chooses humiliation because Jesus' Father is in control here
- Pilate's authority is a derived authority, it comes from another
- Pilate's authority over Jesus is subordinate to God's authority over Pilate
- Our hope comes not from the powerlessness of our enemies, but from our Heavenly Father's sovereign rule over their power
