As a service to the incoming kindergarten and preschool classes at Our Redeemer Lutheran School, Dr. Benjamin Johnson will be providing free dental exams and x-rays for all incoming students. This will satisfy the requirement for entrance into school. He will also be offering free orthodontic exams to any student that may be interested in braces. Please give his office a call at 262-728-9330 and ask to speak to Heather or Joann to take advantage of the free exams and x-rays. Thank you!
