## Summer Hikes are Back!

For our hikes we will be swimming and eating lunch. Students need to bring appropriate hiking shoes, clothing and lunches.

Each of our hikes will begin at the church at 9am and we will drive towards our destination. Students need to make sure they have on appropriate shoes for walking over trails and rough terrain and swim wear. Most of our places will have a bathroom facility that students can change in if needed. Students also need to bring food and water for lunch. We will have coolers available to keep our food in as we travel.

We will have signups for all hikes on the webpage so that adequate transportation can be provided. Students need to register no later than Sunday on the weeks of the hike.

We will be taking photos during the hikes, if you wish for your student's photo not to be taken please let the front office of North Point know.

If you are not receiving our communications please fill out the connections section on the youth page.

## VACATION BIBLE SCHOOL

All students attending Summer Mission trips are required to help for VBS. VBS will be June 15-19 in the mornings. Scan the QR code next to this to register as a volunteer or register a VBS participant!
