## Student Evaluation Week: March 19-22

Off-Broadway Parents,

An essential part of effective teaching is the constant monitoring of student growth and achievements. As the semester is concluding, Off-Broadway staff would like to take the time to evaluate each student's progress in ballet, tap and jazz levels 2 and up. The instructors will be reviewing the curriculum that will be on the evaluations as each student will be tested on the curriculum of their current class in addition to the previous level(s). Evaluation reports are very helpful for a student or his/her parents to review progress achieved over time and identify areas that require further improvements. In addition, we would like our staff to assist in finding the right class for our students for the fall registration. **Evaluation week will take place March 19<sup>th</sup> to 22<sup>nd</sup> during their normal class times.**

We have posted the curriculum for each class on our website under the dance resources tab so students can review at home as well. **\*Stop by the front desk for the password!**

Thank you for your participation,  
Off-Broadway Staff
