Church Planting Consultant with TEAM (www.teamworld.org)

& the German Evangelical Free Church

Planting Journey Church in Frankfurt, Germany (www.journeychurch.de)

June, 2018

Wonderful Opportunities

- **Planting Journey Church in Frankfurt**

We now have four worship services behind us, all held in a business center in the banking district of Frankfurt. What delights us is seeing urban professionals coming (lawyers and bankers), some bringing work colleagues. What challenges us is that these high-stressed people have everything but time, many working 12-13 hours a day. We have begun discipleship triads during the lunch hours, as well as lectures for business people.

We will continue to conduct worship services once a month until the end of August, and in September we will offer worship (Wednesday at 7 p.m.) every two weeks. We kick off our next three-part sermon series on joy beginning June 27.

- **National Church Planting Process in Germany (www.nc2p.org)**

Diet has been at the forefront of initiating a process of collaboration between denominations and networks for the increase of new churches started in Germany. Our first meeting, from June 18-19, will be held in Hannover with ca. 40 leaders of German church planting ministries of all stripes.

A note on the new compliance law in Europe

What is GDPR?

General Data Protection Regulation (GDPR) is a new European Union law that came into effect May 25, 2018. The GDPR is primarily focused on massive EU-based companies that use their customers' data for advertising, which we DON'T do. That being said, we are currently based in the EU, and it never hurts to be compliant. Additionally, the GDPR is designed to protect the information of people like you, who subscribe to newsletters but have no desire for their data to be abused, and we support that intention.

The following link will give you more information on this new law: <http://www.itpro.co.uk/it-legislation/27814/what-is-gdpr-everything-you-need-to-know>

Should you wish to be removed from our praymail list, just reply to this email and write "remove" in the heading. Should you not reply, we will continue to send you regular updates on our life and ministry but will not share your email with third parties.

Thank you!
Diet and Jan
