

Faith Covenant Church is now using "YouVersion Events" to post information on mobile devices.

What is Events?

Events is a completely free feature inside the YouVersion Bible App that helps you easily connect with Faith Cov church events that you're attending. Events makes it easy to share key message points, Bible references, and more.

I don't see Events in my Bible App. Where is it?

Apple/iOS: Events is under the More view (...) on your toolbar, after Videos.

Android: Events is in the main menu, under Videos (tap the menu icon at the top left corner). If you don't see Events, but you see a "Live" tab, then you are running an older version of the Bible App. Please update your Bible App to the latest version by visiting <http://bible.com/app>.

Do I have to update my Bible App to get Events?

Yes. Because Events is a fairly new feature, you must update the Bible App to get it.

Do I have to have a YouVersion account to use Events?

You can search for and view Events without a YouVersion account. But, if you would like to take notes or save an Event, you must have a YouVersion account. Signing up is simple, and YouVersion accounts are completely free. A YouVersion account gives you access to all of the most powerful features of the Bible App — Bible Plans, Verse Images, Highlights, Notes, and more — synced across all your devices. Visit bible.com/sign-up to get your free account now.

Does it cost anything to use Events?

No. The Bible App is completely free of charge.

How can I find an Event?

The Bible App needs access to location services on your device to find Events near you. If you're looking for a specific Event and you know what it's called, you can search using part of its title or Zip code, which is 98390 for Faith Cov.

Do I have to attend an Event to see it in the app?

No. If you know an Event's title or its location, you can search for it that way. But, the purpose of our Events feature is to help you engage more with Events that you attend.

Can I see Events that have already ended?

Yes, if you have saved the Event, or if you have a direct link to it. However, once an event has ended, it will no longer appear in Events search. We post the direct link to each sermon event on our sermon page: faithcovsumner.com/sermons
