

MISSIONS SPOTLIGHT

Will and Rebel Hill our missionaries in Japan are reporting on the success of their Christmas Illumination services they held over two nights in December. 134 people over the two nights from their community came to see and hear what was being offered. 40 of those were first time attenders to the church. The attendance represented an increase of 30 people over last year's attendance. Each visitor heard a gospel message and received a tract to take home with them. Many indicated they would return to a church service.

And in January they did just that. In January and February, we had more first-time visitors, and our church members are very excited. God has been greatly using people within our church to reach out to the community in love and service. I am happy to report that so many in our church body are growing closer to the Lord and each other.

AWANA

Our children were so excited to earn their AWANA uniforms. Sadly, one young girl who was so excited that she hurried home to show it off to her mom. But the mom, seeing how excited she was about the uniform, was angered and told the child she was being indoctrinated. Her father is a Christian, but her mom is not. This is a hard situation we often see in Japan. But then the girl said this, "I don't know for sure if Jesus is real or not, but I choose to believe that He is and that God loves me". What an incredible witness to an unbelieving mom and an encouragement to a believing father!

Easter

We are celebrating our 2nd Easter event in our new building, and we are so excited to see what God has in store for us. Please pray for our services to be well attended and for the excitement to not only continue but to spread into our community.

Please pray for our upcoming services, one of which will be the Lord's Supper for our church members. We will be training the men to be able to do it in the future.

Pray that we get the Word out and the people come in and get saved.
