

## Nursery Information Form

Welcome to First Baptist!

Before you drop off your child, please remember the following.

- 1. Please fill out an information form upon your child's first visit at the desk kiosk on the preschool hallway (upstairs) and sign in your child on each additional visit. We print a sticker for your child's back with important information, which you will receive each time.**
- 2. For our infant nursery: If you have any special instructions (last feeding, last nap, etc.), please write down this information on the form you fill out when dropping them off.**
- 3. Label all items, such as bottles, cups, diapers bags, etc.**
- 4. Please do not bring your child if he or she exhibits signs of illness, such as vomiting, diarrhea, fever, rash, or if cold symptoms are severe.**
- 5. Please pick your child up as soon as possible after the service. Small children sometimes get anxious if they are the last ones picked up.**

Thanks for helping us make the nursery a safe and happy experience for you and your child. If you have any concerns or any ideas to make our nursery better, please let us know!

*Please bring what you would normally take when you leave the house with your child:*

- Diaper bag with several diapers*
- formula or milk in bottle*
- extra outfit for your child*
- any other accessories such as bibs, burp cloths, etc.*

### How to find the Nursery:

All Nursery and Preschool classes are on the upstairs long hallway between the Sanctuary and the Large Fellowship Hall (Chrysalis Sanctuary). See the map in the Visitor Info section of the site. The Nursery is the room beside the water fountain (about halfway down the hallway).

We hope to see you soon!
