

Join us as we respond to the call for relief, development and peace in the name of Christ.

Greetings,

My name is Steven Goossen, and I am writing to you on behalf of the West Coast Mennonite Relief Sale.

We are already making plans for the upcoming relief sale this spring, on April 12 & 13, 2019. With Mennonite Central Committee celebrating their centennial in 2020, we are challenging ourselves to find imaginative ways to draw people to the Sale and attract new folks, with the goal of building lasting support for MCC to accomplish its mission: sharing God's love and compassion for all in the name of Christ.

We recognize that not all can generously donate or bid on a quilt, a piece of furniture, or want an antique every year. So this year we are focusing on being creative on building opportunities for folks to donate and bid on new and unique items. Perhaps you would consider donating or bidding on an electric vehicle for your young child or grandchild? Perhaps you could donate some Giants tickets, or would that be Dodger tickets? Something we started last year is supporting a booth; we have a number of them, like making a donation to the Zwieback booth to defer the costs associated with purchasing all of that flour, milk, and butter. Attached you will find a sample list of ideas and items to consider and perhaps you might even think of one we haven't.

Thank you so much for considering donating a new and unique item to the sale. Please contact me to discuss what type of items you are interested in donating. Our relief sale relies on generous businesses and individuals like you to make it a success - your donation will make a difference!

Sincerely,

Steven Goossen
