Keeping In Touch

Thanks for being part of our lives
and ministry!

Hello

This Wednesday morning Carol and I will be flying to Colombia for ten days. We will be attending another media conference like the one we went to in Mexico last year. We are looking forward to networking with both old and new friends.

We will be sharing a Deditos display table with two organizations who are involved in dubbing Deditos videos in the languages of Colombia and Peru.

I (Rick) will also be filming a workshop that Viña's director will be giving on directing voice talent for dubbing videos. We hope to use the footage for a training video for other organizations that will be dubbing Deditos.

Attending the conference meant that we would be gone for some significant dates.

So we celebrated our daughter Yvonne's birthday early, invited friends for US Thanksgiving Saturday. On Sunday we invited a couple who are good friends with our son Jeff, for leftover turkey and to join us in setting up the Christmas tree.

When Carol first came to Guatemala, over forty years ago, she thought that she would spend some vacations in South America. That never happened, so we decided to go a few days early and celebrate our 42nd wedding anniversary in Medellín, near where the conference will be held.

- We are all feeling a bit under the weather, so please pray for our health as we can't change our travel plans.
- Pray for José Abel, Viña's director as he continues to prepare for two workshops and other responsibilities during the conference.
- Pray for good conversations with Viña's dubbing partners and others whom we will meet.
