

STILL WATERS CHURCH

GUIDELINES FOR RETURNING TO WORSHIP

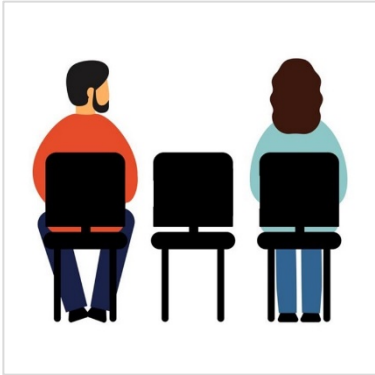

Limited Occupancy: There will be limited seating, so registration for worship is required.
Our plan to worship in person may change at any time if circumstances change.

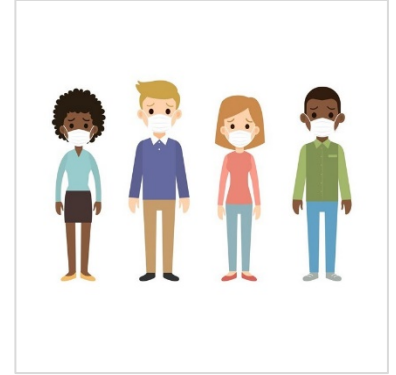

Please worship from home if you are not feeling well or are not ready to come to worship in person.

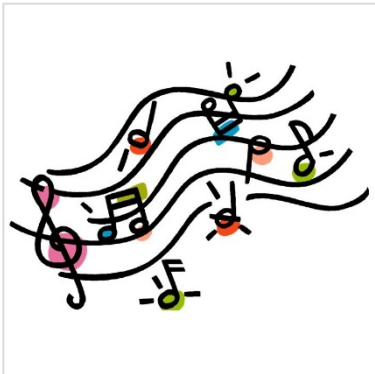

As we come together, please practice social distancing, and avoid gathering in groups inside the building.

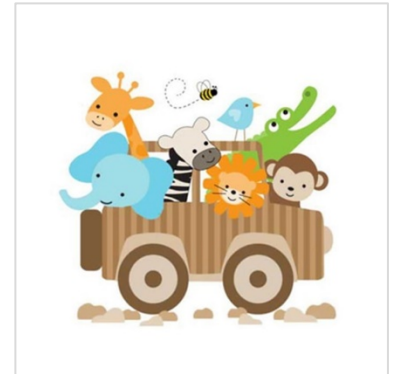

Ushers will escort you in and out of the worship service. Seating will accommodate social distancing between individuals or households.

Face masks are required.

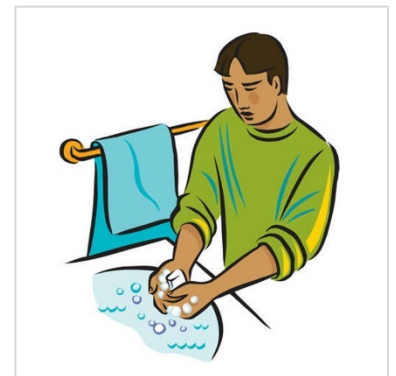

The Praise Band will lead in song, but we ask that there be no congregational singing for the time being.

Nursery care and on-site Still Waters Kids will not be an option, but children are welcome to attend services with their families.

Our sanctuary and church building will be sanitized and disinfected between services. Hand sanitizer will be readily available.

Our restrooms will be open and available for use.
