# 2012 Meal Bible Reading Plan

Developing the habit of reading God's Word is essential for growth. The Snack, Meal, Feast format gives you a choice of reading levels through the year: Snack is a brief Bible reading (5 minutes or so daily a couple times a week); meal is a more extensive reading through the entire New Testament in a year (10–15 minutes or so daily); feast is a daily reading that will take you through the entire Bible in a year (15–20 minutes daily).

**Meal—read through the New Testament in a year**
