Developing the habit of reading God's Word is essential for growth. The Snack, Meal, Feast format gives you a choice of reading levels through the year: Snack is a brief Bible reading (5 minutes or so daily a couple times a week); meal is a more extensive reading through the entire New Testament in a year (10-15 minutes or so daily); feast is a daily reading That will take you through the entire Bible in a year (15-20 minutes daily).
