

Parents and Families of our Crossroads Kids,

We are thrilled to share with you that we will be reopening Crossroads Kids for in-person classes! Our Sunday school and nursery will be opening on Sunday February 7<sup>th</sup>, we welcome you and your family to join us. Crossroads Church loves and values children. At Crossroads Kids we have 3 priorities: teaching God's Word to children, keeping them safe and having fun!

-We believe God's Word is life giving, active and without flaw. It is important that we teach it to our children.

-We believe that children are precious to the Lord and should be cared for as such. Having a safe environment to teach children the love of God is essential.

-We believe that having fun is an integral part of working with children. Teaching children is a joy and a blessing for them and for those who serve!

We have a plan in place to keep our families and children safe during this unprecedented season. Our volunteers will be wearing masks. We thank you and your children for doing the same while you are attending in-person services and Sunday school. We graciously ask that if you or your children are experiencing any COVID-19 related symptoms to please stay home until you are feeling well. We will continue to provide our online Sunday school lessons for those who would prefer to attend church from home at this time. Please visit our website at [www.crossroads.life](http://www.crossroads.life) for additional information and updates regarding Crossroads Kids and our in-person services.

With warmth and excitement,

Beth Ringering

Children's Ministries Pastor
