

Scripture

Observation

Application

Prayer

Scripture: It all begins with the word of God! As you read your daily chapter, be attentive to a verse or section that stands out to you. Be encouraged to underline those verses in your Bible (this will help you identify meaningful passages later). Once you have identified a passage, write it down.

Observation: After a passage has grabbed your attention, write out what you think it means. Don't worry about getting it 100% right, that isn't the point. We want to interact with God's word.

Application: Once you have a handle on what the verse means, take the important next step and sort through what it means for your life. This is where we take the word of God and make it personal.

Prayer: Look back over the passage, what it means to you, and how you intend to apply it to your life and write out a prayer, talking with God about how to make His word real in your life.

An interactive approach to
the word of God!

Keeping a SOAP journal
is a great way to see
how God has been at
work in your life!
