About the Service

This Memorial Day you are invited to a special service held to honor the memory of those within our congregation, community and across our great nation who have died serving in the armed services. General parking will be in the Church parking lot, but Handicap parking will be provided to those who display the state Handicap placard in the windshield, at the cemetery.

In the case of inclement weather, this service will be held in the church Fellowship Hall across the street at 5731 N. Roxboro Road, instead of the cemetery.
