

St. Mark's Day School

Learn. EXPLORE. Discover.

PRESCHOOL 2

St. Mark's Day School offers morning preschool classes to children who are two before September first. Our preschool programming is play based and encourages our young learners to express themselves through creativity, music, art, dance, and dramatic play. Our curriculum emphasizes early learning skills that are not only academic but meet the social, emotional, and physical needs of early childhood. Classrooms are set up for large and small group instruction and our dedicated staff is prepared to differentiate learning for your child's unique place in development.
