WHAT IS SANCTITY OF HUMAN LIFE?

God values all human life from conception to natural death. Our celebration of life extends to the remembrance of the 63 million unborn babies lost to abortion in the United States and each soul deeply affected by the decision to abort. We recognize that only the Lord can bring redemption to these lives, and we invite you to join us in prayer for the mothers and families affected by this issue.

HOW WE DEFEND LIFE

Standing for Life: Supporting Women and Men with Pregnancy Decisions. Every day, thousands of women and men encounter pregnancy-related decisions that may determine the fate of their pre-born child. Our mission is to provide support during this challenging time and defend the precious gift of life.

We offer compassion, hope, and help to anyone considering abortion or facing an unexpected pregnancy by presenting them with life-affirming options. We provide a non-judgmental environment where they can voice their concerns, hear accurate and truthful information, and receive free pregnancy and parenting services. We extend the love of Jesus Christ as we meet each client at their point of need. We also provide after-abortion counseling to anyone who has made that choice and needs a safe place to share their story and find healing.
