Argentine Missions Team Country Wedding

After a 16 hour drive and as soon as everyone was settled in their sleeping arrangements, the missions team from Mar del Plata, was ready to start working. The first challenge was all the preparations for a wedding we were going to hold for Veronica & Manuel: tent, placing chairs, decorations, clothing, food, etc. Then, on Sunday morning, a good crowd of extended family and friends gathered for the wedding. The gospel was preached and Mario and Vero were married. A large celebratory meal of roasted pork, goat, empanadas, kippi and potato salad added gusto to a wonderful and very emotional event.

An incredible team!

After a long intensive week, tears and smiles and an incredible mix of feelings bubbled to the surface as we said good bye to each of the 35 members of the short term team. Hard work, cold weather, rustic living conditions and a couple days of really bad dust storms were not able to hinder the joy and gratitude this incredible team had as they packed their stuff for the long trip back home.

A team of many talents! They were able to finish some major plumbing and electrical installations, as well as pouring half the floor of the future building. They even had time to put the electrical installation in one home that will soon receive electricity. Another group of men visited many homes in the area sharing the gospel and praying for each family. A group of women worked with mothers and young women through counseling, workshops on issues impacting their lives and working on crafts. The

youth and children were evangelized, taught and organized into many fun activities as well as a soccer tournament with prizes and all. Donations of different medicines that the team brought were distributed to the different health posts in the area.

Much like the church in the book of Acts 2, for a week they *were together and had all things in common and shared all they had. Their meals were simple but taken together with gladness and gratitude. Evenings around the fire was to the rhythm of praises and joy, as they shared the days blessings. Pray for harvest.*

Thank you for your part in this, for all the prayers that keep us going and for your faithful financial support that has made this possible.

They are already talking about the things they would like to finish, next year!

Please, pray:

- Martin Rodriguez has taken up challenge of leading rural ministry, pray for time, focus and empowerment, we will be taking him and four other people to an Timothy Initiative (ITT) workshop next week.
 - That we can be effective in using ITT to start small groups in Hoyón, La Noria, Collera, Ayuncha, Lomitas and surrounding areas.
 - For resources to finish building community center/church.
 - For resources and time to finish constructed wetland.
 - For Argentina, as inflation is high, prices change weekly and a debate to legalize abortion has divided the country deeply as the senate rejected the proposal.
-
