Argentine Missions Team

From the 14 to the 22 of July and for the third year in a row, we are receiving a missions team from the province of Buenos Aires. A group of 34 people will take their "winter break" and travel 900 miles to spend 8 days ministering to the people in the remote and marginal area Huiñaj Atum area.

A group of skilled men will be working on the structural aspects of the ministry in Huiñaj, they will be pouring 150 M2 of concrete for the floor of the future church building as well as finishing with some plumbing, electrical wiring and the constructed wetland project.

They will also be visiting all the homes in the area of La Noria, Huiñaj, Hoyón and Lomitas. Trained counselors will be working with domestic violence and infantile abuse. A dentist will carry out a dental health education program. There will also be carrying out activities for the youth and the children in the area.

On Sunday they we will be having a wedding ceremony for Mario & Verónica, a young couple from Hoyón who have recently accepted the Lord. In my continual search for a good brick mason, Mario has turned out to be one of the best workers I have found, very efficient, effective, quick, and on top of it, does a very good job! Vero has been evangelizing her circle of influence and has been bringing many of them to the meetings in Huiñaj, a 7 mile trip! She has even lined up the local Justice of the Peace to come to the wedding and perform the civil ceremony.

Please, pray:

- The weather, the last two years they have experienced the coldest weather of the season.
- The work, that the men might be able to finish the projects we have set up for them.
- That the tremendous spiritual impact would expand to the outlying areas and the power of the gospel will touch the lives of many.
- That the wedding ceremony will be an evangelistic event, that God might speak and save many.
- That the local national guards would loan us two tents and cots for sleeping accommodations.
- That we can raise leaders so we can start home groups in the different settlements that are close to Huiñaj.
- For the people we are taking to a "Timothy Initiative" workshop in August.
- For health and strength as the logistics involved are complex in such a marginal area, everything has to be brought in!
- For Ana as she spends time, this winter break, taking care of her bed-ridden father.

Preparing for short term team, this group of men worked a whole day fixing things, and setting a tent up in which we will hold the meetings. Gian Franco is a 17 year old who in the middle of winter asked to be baptized and has had such a powerful encounter with the Lord, he is stirring up all kinds of "trouble". On Sunday afternoons in the park he has started a Bible study with a couple of his friends and has a "church", as he calls it, a group that has grown to 8 young men.

Please, pray for Gian as he comes from a very troubled home that is going through the beginnings of a divorce. Pray for all the drive and push that he has and that we can give him enough training and tools to be effective with his small group.

I believe, much like the apostle Paul, that he has been set aside for the cause of the gospel
