

## **ELDER EVALUATION**

One of the most important decisions that a church makes is its choice of leaders, and the Bible has much to say about the qualifications of those leaders.

This document is intended as a tool to help you evaluate those who have been recommended as elders at His Place Church. This will not be turned in. It is for you to prayerfully use prior to the annual meeting where you will be asked to vote. If you have questions on what the Bible has to say about elders, please see the study on biblical eldership that goes along with this evaluation. If you have further questions, please ask one of the current elders or pastoral staff.

In your understanding of Scripture and the candidate do you feel that they meet, exceed, or need improvement on the qualifications set forth in Scripture? If you have questions about or for the individuals, get together with them and ask.

If there are additional names that you feel God is calling to be elders at “His Place Church” you can recommend those men to the elders at any time.
