- **Youth Accounts:**

- Youth accounts are different than service hours.
- Starting in sixth grade, youth may begin adding funds to a youth account.
- Youth accounts are available for all youth at OSLC. Unlike servant hours, youth accounts are designed to help youth earn funds for OSLC or LCMS (Lutheran Church Missouri Synod) youth trips and events.
- Youth are able to fund their accounts by working at various fundraising events throughout the year. If you work an approved event, you will automatically have an account set up for you. \*\*\*Some fundraising events are not included because they fund entire group expenses such as travel and hotel.\*\*\*
- Money in youth accounts can be used toward OSLC and LCMS youth trips and activities like National Youth Gathering, Summer Mission Trips, the annual skip trip, or to fund camps at Shepherd's Hill at the Crossroads.
- The money carries over year-to-year (if it is not used in the year it was earned). If you have funds left in your youth account when you graduate, they can be rolled into a siblings account. You can NOT cash them out for cash. So be sure to use them! There are many opportunities available every year.

# OSLC Sermon Report- Guide

Your Name: \_\_\_\_\_

Sermon Date: \_\_\_\_\_ Name of Preacher: \_\_\_\_\_

Name of Church (if other than OSLC): \_\_\_\_\_

Sermon Text (Bible reading used for sermon): \_\_\_\_\_

**God's LAW (What did this sermon specifically say about our sin?)**

**1. Items here can be about things WE'VE done wrong or things WE'VE done right. If we're the ones doing it, it's Law.**

**2. Items here can also be about original sin or death, so long as the example is clearly one from the current sermon.**

**God's GOSPEL (What did this sermon specifically say about our Savior's work for us?)**

**1. Items here are not just describing what Jesus did in the text (Jesus ate fish or went out on a boat). It should describe His work for us. (example: dying on the cross, forgiving our sins, loving us, giving us His Word).**

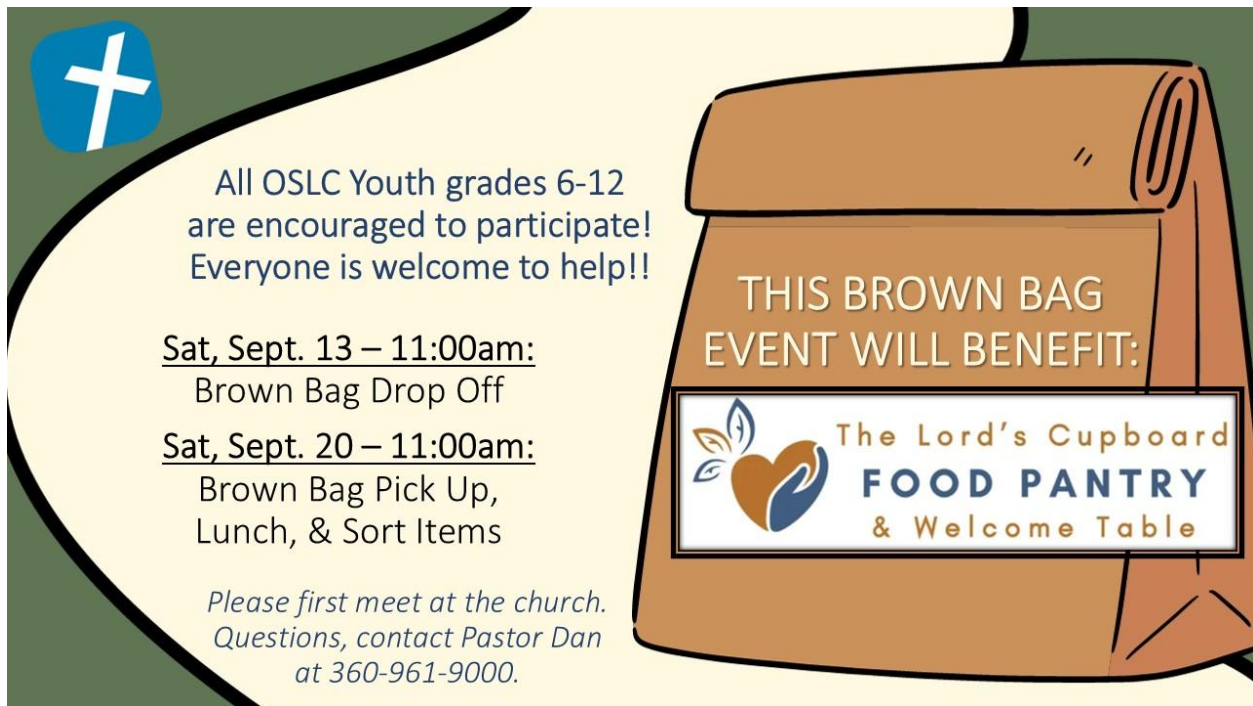

**2. Since Christ works for us in the Sacraments (Baptism, Lord's Supper), anything sermon-specific about the Sacraments can be put here as well.**

**What did the sermon tell you about God's promises for you?**

**This is a very practical section. Just jot down some notes here about how the sermon applies to your life. Each sermon should, in at least some way.**
