CAMP BUGLE— March 2026

WORKING TOGETHER—WE ARE MAKING A DIFFERENCE FOR ETERNITY

YOUR DONATION DOLLARS AT WORK:

Once again, your generosity has provided for Bonita Park in ways that affect guests coming to the grounds as well as staff maintaining the facilities. We have recently purchased full body harnesses for the High Ropes Course and have put down artificial turf next to the Dry Slide to help with dragging the tubes back to the top of the hill. Additionally, a pipe locating camera system has been purchased to aid the facilities team in locating piping as well as determining what may be causing problems in said pipe. THANK YOU!!!

Bonita Park Camp Board & Strategic Master Planning Committee Meet

Bonita Park Nazarene Camp and Conference Center held the first in person board meeting under the new corporation on February 27, 2026 at Bonita Park! This group of ladies and gentleman have great knowledge in a variety of skill sets. They love God, they love Bonita Park and we are ever thankful that they heard God's call on their lives to serve and make a difference at Bonita Park!

The Camp Board meeting was held prior to an onsite Strategic Master Planning Committee meeting that spanned two days on February 27th and 28th. The volunteers on this committee are donating their time and energy to take a "behind the scenes" look at the camp. These folks have expertise in many life areas from drafting to architects, plumbing to HVAC specialists as well as engineers, construction managers, bankers, bookkeepers and all that you can imagine in between. They generously give of their time and their vision is vital to the future of Bonita Park.

Additionally, a third-party structural engineer and geotechnical construction firm recently completed an on-site risk evaluation for Plunkett Hall. As the only facility to survive the 2012 Little Bear Fire in that area of the camp, Plunkett Hall holds a unique place in the history of Bonita Park — and we are glad to report, provided that Bonita Park completes the recommended remediation, the building has many decades of life ahead of it! The primary repair involves an anchoring system designed to stabilize the structure and prevent further movement. We are grateful for the expertise brought to this assessment and are moving forward with the steps necessary to secure Plunkett Hall's future. If you would like to contribute to this effort, please include "Plunkett" in the memo of your gift. Thank you for your continued support of Bonita Park.

We ♥ Our Groups

- 3/06/26 FESJA Texico Conference, Corrales, NM
- 3/08/26 Kelview Heights Senior Days, Midland, TX
- 3/13/26 Calvary Chapel Youth, El Paso, TX
