EXPECTATIONS OF A LEADER

Be consistently, actively involved in the BSM by attending BSM events, serving on a ministry team and participating in some form of outreach.

See others' needs and meet them—don't wait to be asked! Invite new people to events, greet newcomers, seize opportunities to share the Gospel on campus and help with practical needs around the BSM.

Mobilize others to grow along the pipeline by getting them connected, investing in people in your growth group, and recruiting for your ministry team.
