WEDDING POLICY AND INFORMATION SHEET

The church considers the wedding ceremony to be a religious service ordained by God, based upon Biblical precedence as a covenant relationship (Genesis 2:21-24); and therefore, is between one biological-man-from-birth and one biological-woman-from-birth for a lifetime covenant. Wedding ceremonies are a Christian worship service, which is performed in a manner consistent with our spiritual beliefs as determined by the Bible. Any ceremony at the church requires some premarital counseling by the minister. The minister reserves the right to decide if he will perform the ceremony after these sessions.

It is assumed that if you have your wedding at CCC that one of our ministry staff will be the officiant.
