(Answer these question with an adult in your family)

Why do you think Baptism is important to you?

What does Baptism mean for your life and you following Jesus in your life?

What does Baptism for you mean to your family and friends?

So lets talk about what baptism is **NOT JUST...**

A bath

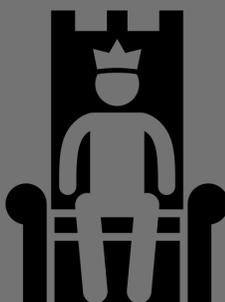

Powerful by itself

A show of commitment

So let's talk about what baptism **REALLY IS...**

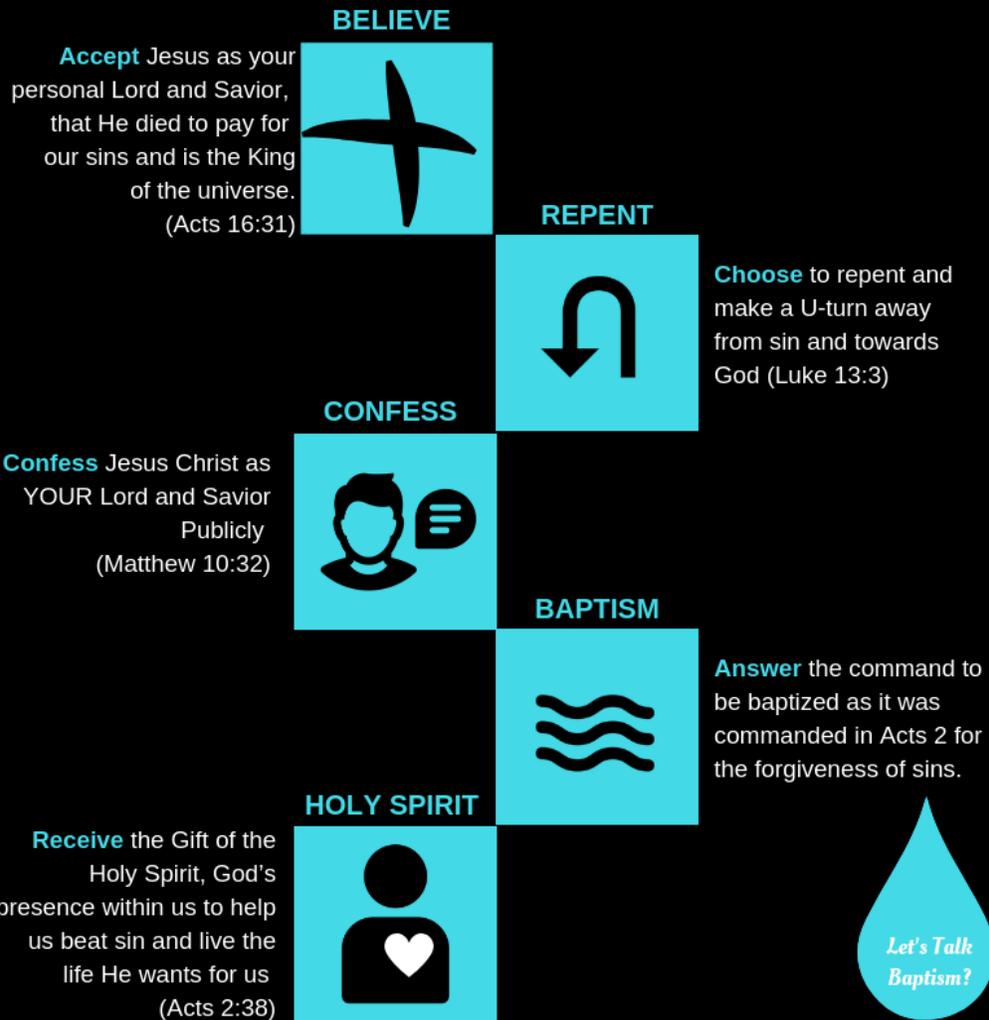

Based on what Jesus has said and what is written in the Bible. We believe that baptism is an important part of our personal relationship with Jesus. This is the actual moment where we go "all-in" with Jesus and trust in Him with our whole lives. We trust in Jesus as our Lord and Savior.

What are the steps to getting baptized?

Based on What Jesus has taught and what we find in the bible these are the steps we need to take before we are actually ready to be baptized.

The first 4 steps are on us and can only be done by us! The 5th step is what God does to help us live a life committed to following Jesus.

Okay, I know I am ready to get baptized!

That's awesome! We are all so excited for you and your big step in your faith. Please come see Pastor Ken or have a parent contact Pastor Ken so he can get things started for you!

I don't think I am ready for this just yet or I still have more questions.

Hey that's okay. We want you to feel comfortable and this decision can only be made by you! If you have more questions about it please contact Pastor Ken, He is ready to talk with you more about baptism when you're ready!
