

SESSION HIGHLIGHTS

Session Highlights – March 2025

At its March meeting, Session addressed several important matters in the life of St. Andrew:

1. Search for a new Building & Grounds Coordinator

With Tim Patrick's last day as Building & Grounds Coordinator set for April 11, the Personnel Team is beginning the search for his replacement. The position description has been reviewed and approved, and the posting is moving forward.

2. South Triangle Property Rezoning

The Land Sales Team reported on progress toward rezoning the South Triangle property, an important step in increasing the likelihood of a future sale. Session approved a conditional zoning agreement with the City of Iowa City and voted to continue the church's listing agreement with realtor Jeff Edberg.

3. Preparing for a Pastor Nominating Committee

Pastor Carl continues to meet with groups across the congregation as part of the listening process that will inform the search for a new lead pastor. The hope is to have a Pastor Nominating Committee (PNC) nominated and elected by the June congregational meeting. Groups or teams who would like to schedule time with Pastor Carl are encouraged to reach out directly.
