Moderator: Pastor Carl Anderson

Scheduled Guests: John Benson, finance administrator

Devotions & Opening Exercise: Pastor Carl Anderson called the meeting to order at 7:02 pm once zoom link established. Devotion offered and Carl emphasized there will be a short discussion on pastoral models for St Andrew to consider. St Andrew has now formally entered into the transition process and will in the next few months be approved, in partnership with the COMV (Committee on Ministry and Vitality) of the Presbytery, to form a PNC (Pastor Nominating Committee). The PNC nomination process & pastoral search was reviewed, and it was again pointed out this process will take time. Two realistic options are a senior/ lead /head pastor and an eventual associate of some type; or option two is selecting a solo pastor as the model. Session broke into small groups to discuss options, with the following comments: Finances will be a determining factor. A full-time and perhaps part-time/hourly contract pastoral care assistant could be an option. A co-pastor model might be an option if it is a married couple. Could consider someone like Matt Moore once he completes seminary as an associate of some sort focusing heavily on youth ministry. Perhaps staff can fill more roles that fall outside the role of an ordained pastor and that can be carried out by lay staff.

Once a PNC is in place Carl will review staffing patterns during phase 2 of transition.

Ultimately it looks like session thinks we should find one person to be in charge and then look at additional needs that exist and consider finances as to whether other positions are needed once this lead pastor is in place.

Carl shared a Bible verse from Esther: perhaps you have been made queen for such a time as this, followed by a prayer.

 - Staff Questions for Session to Know
 - Pastor Carl's Hours and Sundays Away

Carl has been in conversation with staff on all the upheaval of the past year and looking forward. The words Pastor Carl uses in his communion invitation have been questioned by several individuals, he doesn't believe inviting those who have been baptized is meant to exclude people from taking communion & falls within the Book of Order guidance. He will look into this further. He plans to use THE VOICE as a scripture translation in worship; he believes this will cause us to engage more fully. He encourages each person to bring their own translation for comparison. A request for a wedding Nov 15 for a non-member using a pastor formerly from Westminster Presbyterian Church was received from a couple attending medical school here in Iowa City. A local African community approached Carl about using some space in our building & he will investigate further, considering whether their beliefs align with our inclusion policy and whether services would interfere with activities already happening in the building.

MOTION-to approve a November 15, 2025 wedding for Keaton and Abby by an outside pastor, and with St Andrew's wedding coordinator assisting as needed.

Action & Discussion Items From Teams:

- Finance
 - Monthly Packet
 - Team meeting 1.21.25
 - 2025 Budget Summary
 - 2025 Budget Workpaper
 - Finance Resolution

Discussion-led by Finance Director John Benson. St Andrew ended the year in the black, with an excess of \$5,526 thanks to the generosity of the congregation in December and with the reduced expenses for staff by virtue of having no full-time lead pastor and associate pastor part of the past year, now only a transitional pastor. A 3% pay adjustment is recommended for all staff, except for the transitional pastor, increasing Abby Chen to half-time organist and keeping Jeff Charis-Carlson as full-time in his position with communication and media ministry for the coming year. With an hourly pastoral care provider, personnel expense is down about \$60K with these changes. Adding additional funds to the building maintenance fund and \$10K for a pastoral search, the total budget is \$20K less than last year and is a balanced budget, with one pastor on the staff as the model. \$940,000 each is the projected income and expenses for the 2025 budget. Yesterday the loan on the building was paid down an additional \$100K due to a donation from Myrna Farraj, so the loan is now below \$2 million. There will soon come a need to consider holding some funds for big ticket replacement costs on building maintenance/service as the building is now closer to 10 years old.

MOTION-to accept the 2025 budget as presented.

MSC

MOTION-to approve the resolution for appropriate signatures for a pastor credit card.
