## FREQUENTLY ASKED QUESTIONS

### What are the Core Values of Global School of Supernatural Ministry?

1. **Impartation:** The power and anointing of the Holy Spirit are transferable through the “laying on of hands.”
2. **Outreach:** The impartation of power and the blessings of walking in the Kingdom are meant to be given away. Our confession is: “In me, for them.”
3. **Supernatural Lifestyle:** All believers were made with the capacity to live in the Kingdom realm of the supernatural. Personal holiness is valued as well as personal gifting.
4. **Prayer:** It is only possible to walk in and flow with the heart of the Father when we maintain the discipline of relational communication with Him.
5. **Leadership Development:** In order to be people of cultural influence, we must develop the ability to direct others through Holy Spirit-directed and anointed leadership.
6. **Destiny Clarification:** Each person has a specific calling / destiny upon their lives. Through the clarification of our calling, we can establish plans to walk in it.

### What backgrounds have your students come from?

Since 2006, we have had students come through Global School ranging from late teens to early ‘70s, fresh out of high school to retirement. There have been missionaries and pastors who have taken time off to come through Global School to get better equipped to return to their calling. Others come from the marketplace, and still others have been stay-at-home parents. There are people from all walks of life.

The hands-on experience ranges from street ministry to large conferences hosted by Global Awakening where Randy's students are the ministry team.
