From the Pastor

New Beginnings

I love new beginnings. Sometimes a fresh start is just what we need to break out of a rut or take a bold step forward into a new direction. I am excited about what the Lord may hold for us in 2019 as we continue to pursue our mission of Reaching Spiritual Explorers, Building Christ Followers, and Empowering Difference Makers. We have a number of great opportunities planned for the coming year, and who knows what unexpected blessings we may come our way as we follow Jesus together.

This month I will begin a new sermon series called *The Revolutionary Life*, which will lead us to explore what practical steps we can all take to follow Christ more consistently in our daily lives.

Also, beginning on January 13, I will teach a new study, *Revelation for the Rest of Us*. This 6 week study will lead us through perhaps the most mysterious, intriguing and misused book in the Bible. The sessions will be held on Sunday afternoons at 4:00pm in Bridges Hall, and will also be posted on our YouTube channel.

You will find a number of other opportunities in this newsletter. Let me encourage you to get 2019 off to a great start. Ask the Lord to show you what part you can play in the life of our church and dive in. I have high hopes for what the Lord will do in and through Mayfield Road in 2019!

-Doug

Dear Church Family:

God has abundantly blessed Debra and I in 2018 with health and family.

Debra began this fall working on her masters degree in Medical Administration. Between school, family, church and work she is very busy. We are proud of her for persuing this degree and know that God has many opportunities for her in the future.

I will be going on a mission trip with the Singing Men of Texas to Hungary and Romania from April 29 - May 10. We will potentially sing for more than 10,000 people across Hungary and Romania. While there we will present 8 concerts in 7 different cities. Please pray for me and the group as we prepare for this mission trip.

Sarah and Sutton are still living in Los Angeles where their business, ACE (Activities Children Enjoy) Entertainment, continues to grow as they provide after-school programs for students in many different subjects from cooking to sports. It has done so well that they are planning on expanding their business to Austin, TX where Sutton's sister and her husband live. As Sarah takes on most of the ACE business duties, Sutton continues to work in the film industry shooting video, writing scripts, editing video as well as teaching many classes for their ACE business.

In May, David recieved his bachelor degree in art from Texas Tech University. He has opened his own business, "D. Lee Painting", in the DFW area. He has stayed very busy painting houses and providing many other, construction related, services. His girlfriend, Stevie, also graduated from Tech in May and lives in Arlington with her aunt. Together they have two cute kitties named Rusko and Jimmie.

Tyler has moved back to Arlington and has been working as a financial adviser. Since moving back he has become very involved here at Mayfield Road as leader for the newly formed community group, Young Professionals' Class, as well as serving on the church Finance Committee. He has a sweet girlfriend named Libby who is working on her masters degree at UTA. She definately keeps Tyler in line and brings him much joy.

One more exciting thing is that we will hopefully become grandparents in 2019. Sarah and Sutton are adopting a little girl from India. Right now we just call her "Indi" because we don't know yet who she is, but God does and is preparing her to be a part of our family. They are thinking it will probably be next summer before they go to get her. Please pray for them as they jump through all the hoops (paper work and financial) to bring her to us.

May God bless you and your family in the New Year of 2019,

Bro. Lee
