

The Dinner Roll

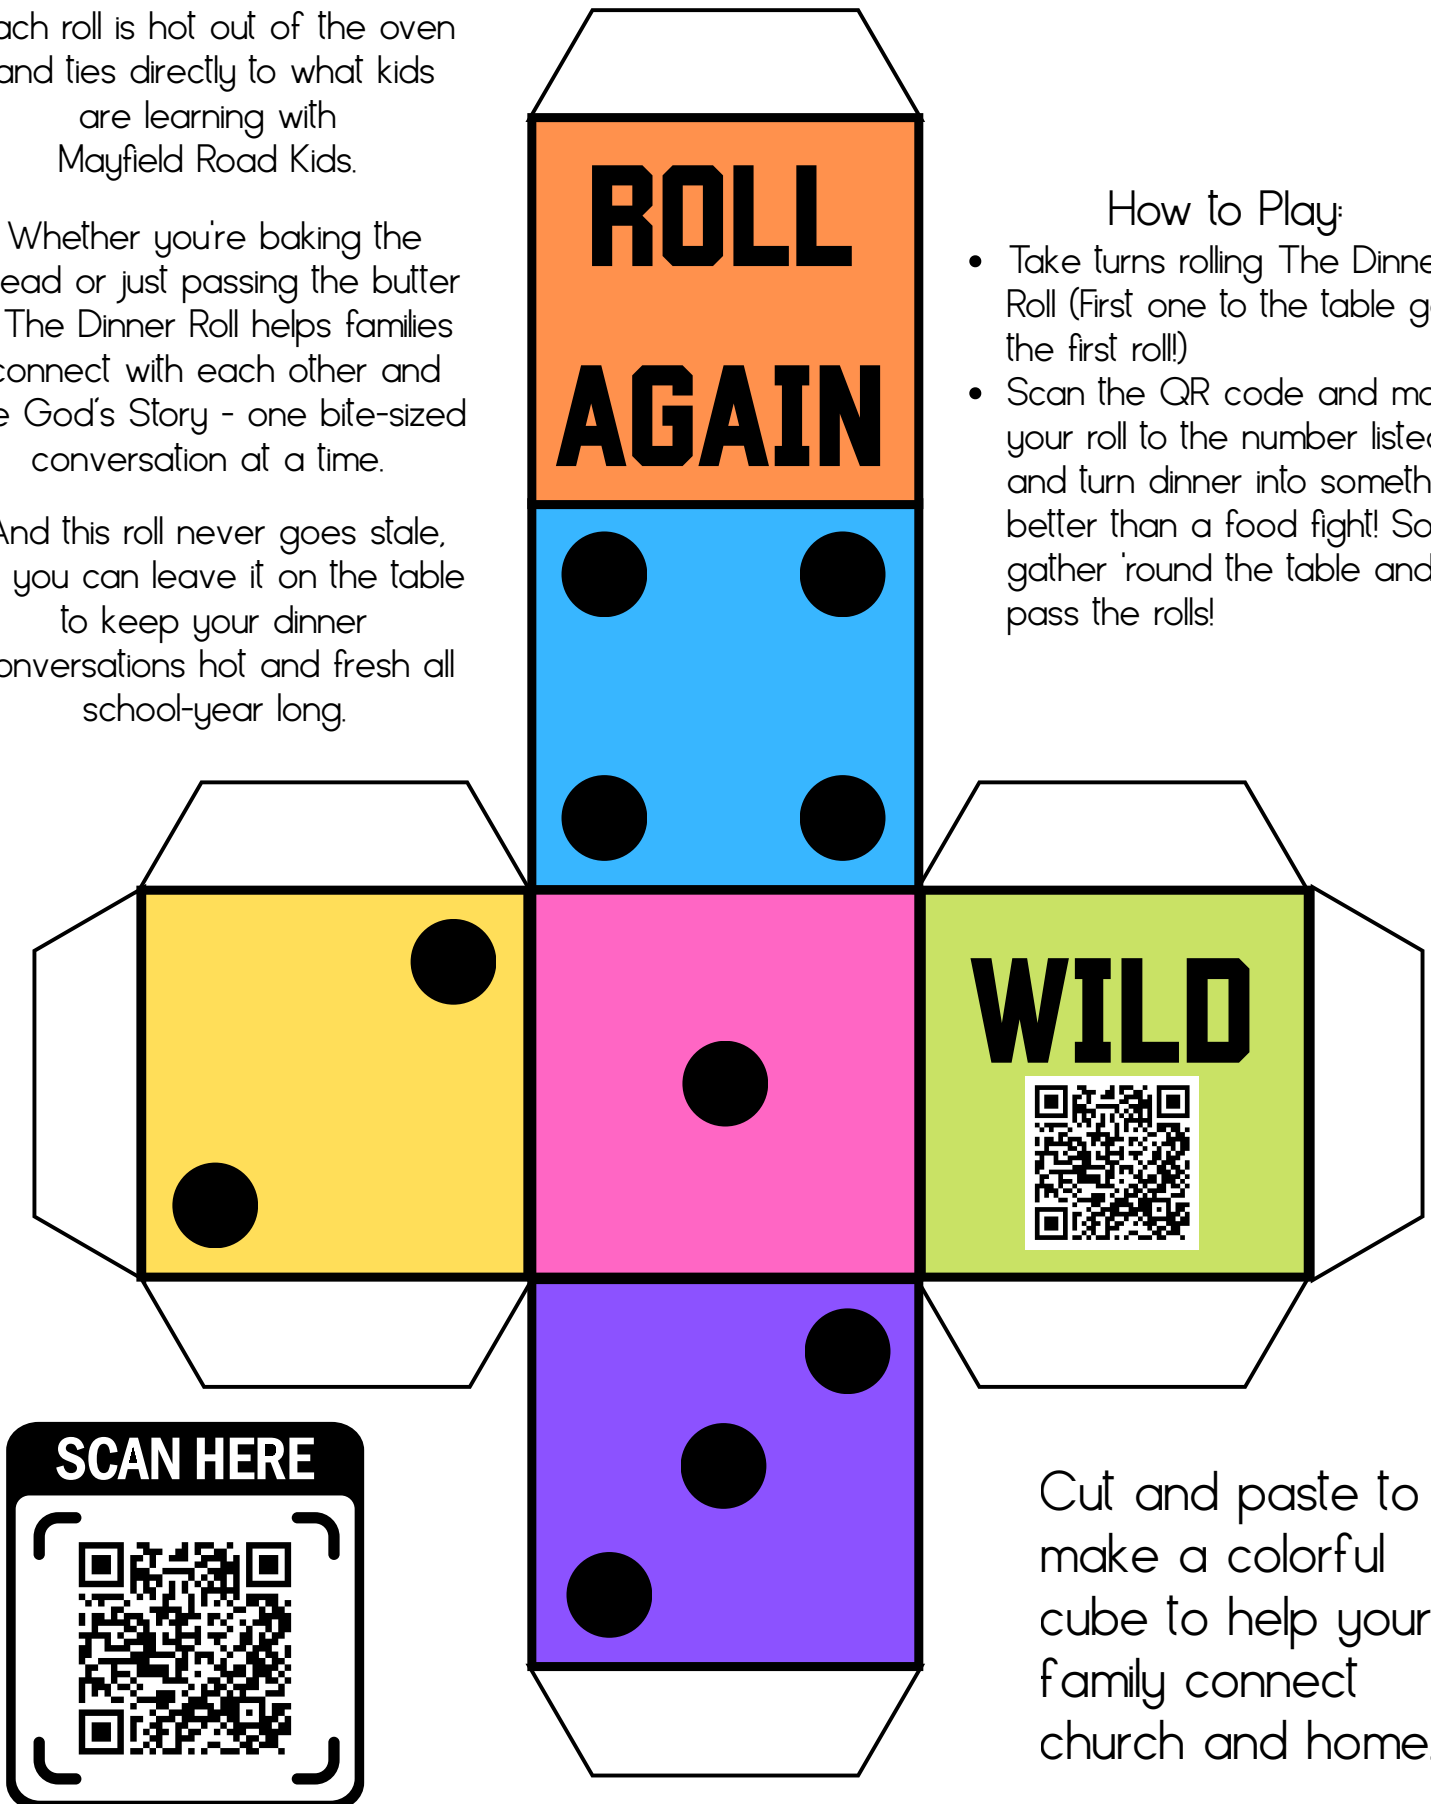

Each roll is hot out of the oven and ties directly to what kids are learning with Mayfield Road Kids.

Whether you're baking the bread or just passing the butter - The Dinner Roll helps families connect with each other and live God's Story - one bite-sized conversation at a time.

And this roll never goes stale, so you can leave it on the table to keep your dinner conversations hot and fresh all school-year long.

How to Play:

- Take turns rolling The Dinner Roll (First one to the table gets the first roll!)
- Scan the QR code and match your roll to the number listed and turn dinner into something better than a food fight! So gather 'round the table and pass the rolls!

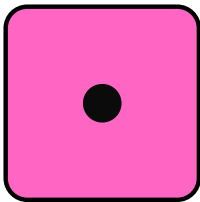

Cut and paste to make a colorful cube to help your family connect church and home.
