

Our God is a way maker and He often uses us, His people, to be his hands and feet, helping to make a way for others.

“Making a Way,” both within the walls of our church as well as 1/2 way across the world for some international workers we partner with, is the theme of our 2023 Year End Offering.

DAYBREAK CAMPUSES PHYSICAL ACCESSIBILITY

Moving Towards Full Physical Accessibility for All Ministry Spaces at Both Campuses

Currently there is no easy, convenient way for individuals with physical impairments to access ministry spaces on the second floor of Gettysburg Pike. There's also no way for individuals with physical impairments to enter primary entrances at either campus without someone holding a door open or a door being propped.

GOAL:

Raise \$50,000+ to install an elevator at GP and push buttons for as many entrances at each campus as possible.

"ROCKY ROAD" MINISTRY BUILDING

Helping our North Africa Ministry Partners Rent and Renovate a Facility to Serve as a Home Base for Ministry

Partner international workers Brian and Jessie are taking the Gospel to a hard place in North Africa. Their ministry serves the underground church as well as at-risk women who have never known God's love, providing employment and skill-building opportunities for them. To move forward in ministry, and to host teams (like a Daybreak team), they need a ministry space to call their own.

GOAL:

Raise \$25,000+ to provide funds for Brian & Jessie to rent and renovate a facility in their community for ministry.

OFFERING LOGISTICS

Money That Will Be Channeled Towards the Year End Offering:

1. Electronic Gifts to Daybreak's Ministry Fund (app, online, text) made on Giving Tuesday, 11/28
2. Every dollar given to Daybreak's Ministry Fund in December in excess of what is needed to fund ongoing ministry.

Any funds raised beyond the combined \$75,000 goal will be put towards broadening the scope of these projects, accomplishing even more!
