

Sew. Quilt. Knit. Crochet. And give away.

Works of Heart is a group for anyone who loves to sew, quilt, knit, or crochet. The goal is to have fun together and build community while blessing a local ministry partner. This group will work on projects such as hats and diaper bags to give to The Capital Area Pregnancy Center/ Life Choices Clinic.

The Life Choices Clinic, founded in 1985, is dedicated to helping women and their families facing an unplanned pregnancy. This ministry partner meets the needs of the community with services like free ultrasounds, counseling, and an abortion recovery ministry. Their desire is to show God's great redeeming love to everyone who comes to the center.
