Servants, Inc. Needs Summer Workcamp Volunteers

YORK, PA. (29 May 2018) — Are you looking for a way to give back to your community this summer? Servants, Inc. has three opportunities just for you.

Home Helps is so excited to begin the 2018 Season of Work Camps! We love to serve our local low-income older adult and disabled homeowners by repairing their homes, painting their walls, building their wheelchair ramps, raking their yards and mowing grass, cooking hot meals for volunteers, and a multitude of additional minor home repairs while showing them the love of Jesus through volunteers!

We love to serve the amazing volunteers God sends our way by building and nurturing relationships. Whether you have carpentry skills, gardening skills, painting skills, cooking skills, or no skills—please volunteer with us one day or five days. You never know what new skills you might learn during the week.

Home Helps will provide our very precious volunteers with a hot breakfast, packed lunch, and even a hot dinner.

Volunteer with your friends, with your family, with your Youth Group, with your Sunday School Class, etc. and get to know your friends better, and meet other volunteers and homeowners who will become your new friends!

Serve the Red Lion/Eastern School District communities during Faith Beyond the Pews' 25th Year at Chapel Church in Red Lion. June 11-15, 2018

Join the team in serving the City of York for the first time during the York City Workcamp at Logos Academy in York. July 9-13, 2018

Work with Home Helps in the Northeastern School District communities at the Northeast Workcamp's 10th year at Starview United Church of Christ in Mt Wolf. July 30-August 3, 2018

Each work camp can accommodate up to 100 volunteers each day, so plan to get your completed Volunteer Application to Home Helps early! You can go online to download a Volunteer Application at servants.org, email alishacrooks@servants.org, or call us at 717-378-0336. *You can donate to help cover construction materials for the workcamps at <http://servants.org/support-servants>.*

About Servants

Servants, Inc. connects compassionate people with people in crisis. Trent Davis, Executive Director and Founder, started Servants in May 2000. Each year Servants touches more than 1,000 lives. Servants' 600 active volunteers serve by using their skills, gifts and experiences in providing home repairs and maintenance services for low-income older adult and disabled homeowners in Lancaster and York County, Pennsylvania through the *Home Helps program*; delivering help for U.S. disaster victims and recovery efforts through the *Disaster Recovery program*, which is currently in Texas and Puerto Rico; coordinating and planning short-term *mission trips* throughout the U.S. and the world; and teaching extreme poverty-ridden families and communities in Villa Nueva, Guatemala to achieve a sustainable lifestyle through the *Serving at-Risk Families program*.
