

Dear BERMUDIAN CHURCH OF THE BRETHREN,

We know that 2020 was an especially difficult time for churches in our local communities. That's why it's more important than ever for your energy bill to directly benefit your church. We encourage you to keep doing a great job spreading the word on the [House of Worship Program](#) to your congregation members to ensure your church receives the largest payout possible.

Remember, for every 25 members enrolled, your church will receive an average donation of \$750. **Further, if you refer someone to sign up with Aero Energy, you'll both benefit by receiving \$50 fuel credits!*** Start referring when you click the link below.

There is no greater time than the onset of winter to revisit this opportunity with your church by sending emails, posting information online and discussing during meetings. Last year, we had several churches receive payouts of over \$500 and we want yours to be amongst that group.

Thank you again for your continued business and for contributing to the success of our House of Worship Program!

-The Aero Energy Team
