Our "End of studies" celebration!

Rejoice with us!

- Our "end of studies" celebration was funny, serious and encouraging. We heard many expressions of thanks from our students' families.
- Preparations for our Parole de Vie camps are in full swing. Our high school summer staff arrived this weekend.

- Wes is making steady progress on our course and guest lecture scheduling for the next school year.

Keep praying...

- Teen camp starts July 7th, followed by our children's camp on July 14th and our family camp on July 21st. Pray that the Lord would touch many lives to understand and live in his grace.
- A girl from Pikogan is planning to come to our teen camp. We want to keep building bridges for more First Nations young people to come to the Bible Institute here.
- Wes will be coaching a high school missions team from his home church in LaGrange, Illinois from July 21st to 28th. They will be helping run an English immersion week at a French camp in Trois-Rivières.

The end of an intense academic program

This was a really delightful year for us!

Many thanks from the families of our students

Preparing for next week's campers at Parole de Vie

"Parole de Vie gave me a solid foundation."

Graduation music medley
