

About Us:

Each year, Liberty Community Church leads and sponsors a short-term mission trip to La Romana, Dominican Republic. For many years, members of Liberty have been serving in the DR, including teaching, construction, evangelism, medical clinics, and food distribution. In 2014, in response to demand and willingness of our congregation to serve in a greater way through outreach and missions, Liberty took a team to serve in the DR that November. We have taken a team each fall ever since.
