

Group Details:

Our group is typically sized around 25-35 people, but we welcome any number of volunteers and we size our projects on the team size. We have had wonderful groups over the years, which include not just members of Liberty, but other churches, friends, parents and teenagers, nurses, and many other servant-minded people with a heart to serve! You do not need to be a member of Liberty Community Church to serve with our group, but you will need to agree to group policies and the team covenant.
