

***Date Approved: August 15, 2008; Reviewed/approved November 16, 2009;***

***Reviewed/approved July 18, 2016***

***Approved By: Bethel Lutheran Board of Elders .....***

## **WORSHIP PROJECTOR AND SCREEN USAGE POLICY**

### **Boundaries of Usage:**

- Until the Board of Elders and a Voters Assembly approve a change, we will not use the worship projectors in 8:00 am worship or Wednesday at 10:30.
- Any worship viewed as Traditional, the projector use will need to be approved by the Board of Elders.
- No advertising to be done for ministries at this time. We may eventually use the projectors for various advertising if the Board of Elders establishes boundaries.
- The screens are to be used for worship assistance i.e. songs, sermon notes, prayer lists, scripture, and liturgical parts of the service.

### **Special Services:**

Since our purpose for the projectors are to glorify God, we do not normally use the screens for special services because of our limited number of trained volunteers. We must have trained people running our system.

- Weddings: do not normally permit the use of screens for worship assistance.
- Funerals: There are times when people ask us to show family history. These requests are generally not focused on glorifying God so they are normally not permitted, but can be taken up with the pastor or Board of Elders. Again, the main concern is properly trained technicians using our system for these events.

### **Weekly Services:**

6:00 PM Saturday Service  
 10:45 AM Sunday Service  
 (Worship Service only)

### **Approved Special Services**

Cantata  
 Advent  
 Lent  
 Good Friday  
 Christmas  
 Easter (Sunrise)  
 Mission Services  
 School Events

**Preparation and Operation:**

Slide preparation and equipment operation is to be by dedicated trained people only.

**Other situations need to be reviewed by the Board of Elders (e.g. weddings, funerals, etc.)**
