Summer school will combine 3, 4 and 5 year olds. Children must be three years old by December 2 to register for summer school and can attend until they are in Kindergarten. Summer school is less structured and geared to more science and outdoor activities. Please consider summer school for new enrollees. Summer school is an excellent introduction to PEP School for those children who will be attending in the fall for the first time. Summer school helps a child adapt to the new environment and better prepares them for their new PEP experiences. Please register for Summer School on your registration day.

If you have any questions regarding PEP School registration, please contact me or Renee Inman, Director at (707) 448-1626.

Sincerely,
