

THE APPLE PRESS

Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. 2 Corinthians 9:7

My dear brothers and sisters in Christ,

A couple weeks ago, we had a congregational meeting to present our plans to renovate our Worship/Fellowship building. During the meeting we handed out a summary of what the design/ministry teams have proposed for each of the areas of the building.

I have been asked by several people that were unable to attend the meeting to give a summary of where we are, and what we need for the renovation to begin, and to share some of the questions and comments that were asked and shared.

Our Mission

During the meeting we began by stating our mission here at Appleton Christian. Our mission is to “Glorify God as we grow fully devoted followers of Jesus Christ.” Our mission is not buildings, our mission is to fulfill the great commission that Jesus gave to us in Matthew 28:19-20. The buildings and grounds we have are tools to help us reach this valley for Jesus.

God has blessed us greatly with these two buildings and our ten acres that are fully paid for. Of course, we are responsible to be good stewards of what our Father has given us, to maintain and improve them, and use them for His glory. The planned renovation then is to improve and maintain the tools that God has provided us for His work. To fix up our church home and make it more effective, more inviting, and safer for those we invite and those who visit on their own.

The Process

There are several aspects of the renovation project that have been proposed. There is the worship center, the entry way (lobby) and hallways, the restrooms, the classrooms, the kitchen, and storage needs. Each of these areas have been considered by ministry teams that were asked what could and should be done to improve our facilities to support their ministry. Each team sought out feedback from other users of these spaces and researched costs involved in what they wanted to improve.

One of the directions each team was given was to include a 20% contingency cost added to their estimates. It was determined that this contingency amount would allow us to be prepared for unforeseen expenses and changes as construction proceeded.

It was during this process that it was determined by the team considering renovating the restrooms, that it would be beneficial to initiate the renovations of the three bathrooms sooner

than the other areas due to availability of the tiler and the funds on hand. The elders approved and the project was completed. The bathroom renovations came in \$3000 below our estimate and without any contingency needed. (And they look amazing, thanks team)

Each of the teams completed their initial estimates and the results were given to the elders for review and prioritization. The elders agreed that the first priority for the renovation would include the worship area and the lobby. The elders determined that we did not want to take any loans out to complete the renovations, so we would begin each stage once we had collected enough funds to be sure we could complete what we started.

The Bottom Line

The following is a cost summary (including contingency) of each of the remaining renovation projects that the elders received.

Building Summary:

Worship/Fellowship	2.1	\$ 334,879
Meetings & Classrooms	2.3	\$ 15,651
Lobby, Halls & Entry	2.4	\$ 30,515
Kitchen	2.5	\$ 42,499
Exterior Storage	2.6	\$ 20,000
Contingency	20%	\$ 88,709
Total Building Budget		\$ <u>532,252</u>

(A detailed summary of the renovation suggestions for each area is available if anyone would like to see it. Just give us a call in the office, and we can have one available for you Sunday, or we can mail it.)

What's Next

As of today, we have already been given \$250,000 for the renovation.

We will begin the first renovation project (worship area and lobby) once we raise enough funds on hand to be able to complete it (including contingency). **We estimate that we need to raise \$185,000 to start that stage of the project.** We will continue with the other projects as the funds are received.

These designated funds can be given via cash, check, or online donations.

Our Appleton Christian Church family has always been incredibly faithful in our giving. Several years ago, we had to raise funds to bring a water line down the road for our freshwater use and for fire suppression. You were all very faithful to raise the \$50,000 we needed to complete that project while still giving towards our regular ministry expenses. That is what we need to do again as we work towards fixing up our church home for ministry.

We all are aware that this is a challenging economic climate to be raising funds for these renovations. This is a challenging time for many things in our country. I feel strongly that God is bigger than all these challenges. I am amazed at how he has blessed us already with the initial \$250,000 in gifts before we had an opportunity to present the need to the whole body. And I am confident that He will continue to bless us to complete the renovations.

Questions

There were several questions we received during the meeting, and I thought it would be good to share a couple of them with you here in this overview.

Question: “Will these cost numbers still be valid if we wait much longer to begin the project?”

Answer: “There are possibilities that some costs could go up, as well as some cost of materials could go down a bit. However, that is also one of the considerations we had in including a 20% contingency cost to our estimate.” “The reality probably is that the sooner we begin, the more accurate the estimate will be.”

Question: “Are all the decisions made about colors and design and things like that? And do we have people involved in those decisions that are good at it?”

Answer: “Not all of the decisions have been made about these things. We do have members that have a good deal of experience in these areas, and if anyone wants to share a suggestion with them, they are happy to hear from you. Just let us know in the office if you have any questions.”

Question: “Have we decided on the final design for the worship center renovations?”

Answer: “We have the initial design from the architect that was created to address the issues we told him we had with our current space (sound, lighting, acoustics). However, there are still some questions our team has, and some ideas we have come up with that may allow us to reduce some of the costs, improve our sound quality, and enhance our lighting. That being said, we are close, but have not fully settled on all the details.

Question: “Are there other ways we can contribute to the renovation project?”

Answer: “Absolutely, there will be opportunities to help with the moving of chairs/equipment, demolition of certain areas as well as helping rip up the carpet. If you can paint, there will be opportunities there, and most importantly, all of us can be praying for the project and for the success of God’s mission here at Appleton Christian.”

Final Thoughts

I have been preaching on the Armor of God lately because it is important for us to be armed and dangerous to complete our mission for God. We are in a battle, and I fully expect the enemy to do everything in his power to use this project to attack our family here. He will also be attacking each of us to stop us moving forward together. Please keep all of our church family in your prayers and find ways to be a voice of encouragement to each other.

I wanted to leave you with some amazing words from King David as he was working on raising the resources his son Solomon would need to build the temple of God. As I read them I was humbled and excited because what was true of God back then for David is true of God for us now... enjoy, and know that I love you all, Dan

1 Chronicles 29:12-18

Wealth and honor come from you; you are the ruler of all things. In your hands are strength and power to exalt and give strength to all. 13 Now, our God, we give you thanks, and praise your glorious name.

14 “But who am I, and who are my people, that we should be able to give as generously as this? Everything comes from you, and we have given you only what comes from your hand. 15 We are aliens and strangers in your sight, as were all our forefathers. Our days on earth are like a shadow, without hope.

16 O LORD our God, as for all this abundance that we have provided for building you a temple for your Holy Name, it comes from your hand, and all of it belongs to you.

17 I know, my God, that you test the heart and are pleased with integrity. All these things have I given willingly and with honest intent. And now I have seen with joy how willingly your people who are here have given to you. 18 O LORD, God of our fathers Abraham, Isaac and Israel, keep this desire in the hearts of your people forever, and keep their hearts loyal to you.

I heard a story of two young marines out in the desert for drills, that were tasked with putting up the camouflage netting used to conceal the equipment and provide some shade. These two young men worked together, one holding the line taut while the other pounded in the stakes to hold the netting secure. What happened next is a little bit unknown, but either through horseplay or just bad decision making, the young marine that was pounding in the stakes decided that the sledgehammer that was near to him was not the right tool for the job. Instead, using a .50 caliber round of unexploded ordnance, he proceeded to hammer away at the stake. As you might have already guessed, this did not go well. The round exploded in the marine's left hand causing severe damage and burns. He was treated and quickly airlifted to a nearby hospital where he made an almost complete recovery.

One of the things that my father always preached to me was the importance of using the right tool for the job. "It's safer, easier, and faster," he would say. Not to mention the cost of constantly breaking the wrong tool trying to get it to do something it was not meant to do (like using a wrench to hammer a nail).

In order to know what tool to use, it is important to know what the tools are and what they are designed for. My dad spent time teaching us kids what the different tools are and how to use them. Lessons that have definitely helped me through the years.

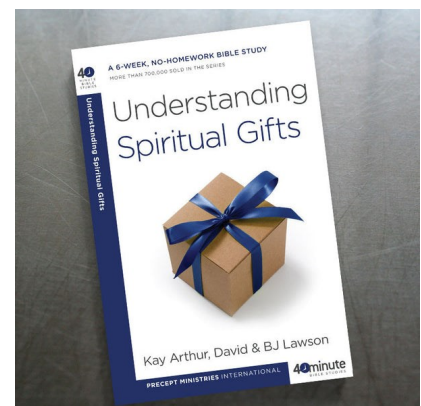

In the church, we too have been given various tools for various jobs. Paul calls these tools "spiritual gifts." In Romans 12 Paul discusses these various gifts and says that we all have different gifts that have been given to us, and we are to use them. The issue we sometimes face is not that we have these tools, but we are not sure how and when to use them.

Starting in October, the Discipleship Institute will be offering a class to help us learn our gifts, and how to use them. This six week study called, "Understanding Spiritual Gifts" will take us directly to the Bible as we learn from the gift giver himself about spiritual gifts. It is our hope that through this study, we can learn more about our gifts and gain vision for how to use them to bring transformation in our lives, our homes, our church and in our world.

Please sign up today to join us for this exciting study. You can sign up on the church website www.appletonchristian.org by going to the Discipleship Institute tab and clicking on the class name. Alternatively you can sign up by calling the church office and letting us know. There will be two different times that this class will meet: Saturday mornings from 10am to 12pm beginning October 7 or Wednesday evenings from 6pm to 8pm beginning October 11. If you have any questions contact Alan Dyson or Phyllis Bolsinger for more information.

God bless and looking forward to seeing you in this study.

Hi, everyone. Grand Valley Catholic Outreach 28th annual Empty Bowls event is Saturday, October 14. As I did last year, I am putting out a call for our cookie makers in the ShareFest churches (you know the ones that love to make cookies for ShareFest weekend). At the Empty Bowls event, the people get to pick out a handmade pottery bowl, have soup made by one of 40+ restaurants, have Talbott's apple cider, and have homemade cookies. Because many businesses are still struggling to come back to full stride, we again need some help getting enough cookies for the event. If anyone at your church would be willing to bake a dozen cookies or more, that would be greatly appreciated. The cookies can be delivered to the Soup Kitchen on Friday, October 13 between 9 AM and 4 PM. Drive around back to where clothes and food donations are taken. People could also, if it is more convenient, bring them to me at First Pres on Thursday, October 12 before 4 PM, and I will get them to Catholic Outreach. Thanks for spreading the word.

OCTOBER MISSION OF THE MONTH

SHOEBOX COLLECTION WEEK IS NOV. 12-19 OR BEFORE

Operation Christmas Child (OCC) is a part of Samaritan's Purse. OCC collects shoeboxes filled with the Gospel and gifts. These are delivered to children and youth in need around the world. Each shoebox is an opportunity for the boy or girl to experience the Love of God in a tangible way, to hear the Gospel of Jesus, get the booklet, *"The Greatest Gift"* and to receive an opportunity to continue their growth with a follow-up 12 lesson discipleship program called *"The Greatest Journey"* where each would learn scripture, how to pray, and share the Gospel.

Appleton has been very generous. Thank You All! Last year Appleton sent 266 shoeboxes! Our goal this year is 288. We have 300 plastic and cardboard boxes already needing to be filled! The boxes will be put out Oct. 1st. (We can get more shoeboxes).

How Can Each Of Us Participate?

PRAYER is the Key to the work of Operation Christmas Child (OCC). Pray for the children and youth receiving the boxes, about your participation, about what to put into the boxes, etc. (Miracles have happened)

PLEASE pick up a box or boxes here at Appleton. Pack them with a special note. Some have received word back when the sender included their e-mail address. Pack with Love of Jesus. Bring back to Appleton by Sunday, Nov. 19th. Each box has information to help you decide boy or girl; ages; suggestions for what to and not to pack, etc.

WRITE a check to Samaritan's Purse for \$10.00 times how many boxes you fill. This \$10.00 covers the cost for processing, transportation, training, and the *"The Greatest Gift Gospel"* booklet. Put check into the box (or one check inside one of the boxes) if you pack more than one shoebox. You can also pay this \$10.00 donation on line instead in order to "follow Your Box." to the country the child lives in. Go to samaritanspurse.org/occ and follow the instructions. Do not put Barcodes or other labels in the middle of the boxes.

ONLINE SHOPPING to fill a box is possible for \$25.00 which includes the \$10.00 donation for shipping/ministry expenses. This is available by going to samaritanspurse.org/occ.

"ADOPT A SHOEBOX"- One can help pay the \$10.00 shipping/ministry expenses for a box (es). Write a check to Samaritan's Purse and put it in the special box labeled, "Adopt A Box."

DONATIONS for the follow-up Discipleship program called, *"The Greatest Journey"* can also be sent to Samaritan's Purse—\$6.00 each.

During the year we have been collecting items for the shoeboxes. Hopefully those items plus the shoeboxes you fill will be 288 or more shoeboxes!

Thank you so much and God Bless you as you share the Gospel and the Love of Jesus. If you need help or have questions please see or call Donna Jean Ganss 970-640-8396.
