

Mrs. Kurbis' KINDERGARTEN

In Kindergarten, our students are given many different ways to learn spiritually, academically and socially. Learning is done through movement and play along with some more structured instruction as well. Many basics are learned throughout the Kindergarten school year such as gross/fine motor skills, working in whole/small groups and alone, and transitioning from one activity to another smoothly. The children also

learn about following rules, accepting consequences for actions and showing love and respect for one another. The children are taught that we should show our love for our Savior Jesus in all we think, say and do!

**CLASSROOM
FEATURES:**

**CHRIST-CENTERED
ENVIRONMENT**

**PHONICS, MATH,
SOCIAL STUDIES
SCIENCE, STEM,
MUSIC, P.E.**

**LOTS OF HANDS-ON
LEARNING**

**BOOKS, BOOKS,
BOOKS!**

FUN FIELD TRIPS!
