

**2017-2018**

**CHRISTIAN BIBLE CHURCH ACADEMY**

**DRESS CODE**

**The school dress code has been adopted as a barrier against deterioration from the immodest and fad-oriented styles of our society. Careless dress and grooming reflect an attitude of not being pleased with the way God created us. On the other hand, good grooming and dress habits enhance the self-worth and acceptance that one has for oneself.**

While the school dress code is conservative in relationship to traditional male and female appearance, it is not meant to be critical of other Christians who may not conform to it.

The school dress code seeks to de-emphasize the outward and focus attention on the inward. Conformity of outward appearance through the school dress code and uniform takes the emphasis off the outward man. No one is considered better or more prominent because they can afford richer clothing or jewelry. No one becomes the center of attention because of immodest appearance or a new fad or fashion. It is then much easier to focus attention on the inner man. The school is committed to developing Christ-like character in the lives of the students. Thus, the curriculum, staff, dress code, and all other activities blend together to emphasize the inner person and build Christ-like character.

The dress code should be carefully read by all parents before they purchase any clothing for school use. All uniform items must appear as exactly specified or else they will not be acceptable for school use. All standards and uniform regulations apply to all students regardless of age or grade level.

**FEMALE UNIFORM:** I Timothy 2:9, 10 - I Peter 3:3,4

**DRESS POLICY:**

No student will be permitted into the Learning Center at any time unless he or she fulfills the entire dress code as stated. Parents are kindly asked not to request by telephone, note, or in person, that we excuse their child for even one day. The school realizes that at times some difficult situations may arise in relationship to your child being in uniform. However, an exception for even one day causes feelings of partiality on the part of other students in the classroom. It is then very difficult and time consuming to explain to students why the excuse of one person is acceptable and the excuse of someone else is not. Therefore, no exceptions will be made at any time.
