Secular society today seems to have a fascination with that which is weird, bizarre, and of the supernatural. Many young people idolize various "super heroes" and other odd looking creatures which have the ability to perform all kinds of supernatural feats. Such emphasis is not consistent with traditional Christian values. The school seeks to focus attention on traditional heroes of the Bible, and America, which will present characterized role models for our children. Please help us to achieve this goal by not purchasing school supplies, lunch boxes, and other items to be used at school which will picture or emphasize un-Christ-like themes.
