Peace with Creation Sunday
Rev. Rich Bolin

Let us declare an end to the war on creation.
“Environmental justice ... can no longer be regarded as an abstract concept or a distant goal. It is an urgent need that involves much more than simply protecting the environment. For it is a matter of justice – social, economic and human.” Pope Leo XIV

Storms Sunday
Rev. Les Lungren, Pastor

Creation speaks through storms. The raging storms send us a message that we need to come together in wisdom and action to find ways to stop exploiting creation for gain.

Think globally, act locally. Get your hands in the dirt. Get into a kayak. Access the incredible beauty of our community. Creation Care is about creating a movement to advocate for creation, and we are motivated by our personal experience of the earth and the bay.

In Salinas

Several members of the Earthcare Team from St. Benedict's, including Mike Eggleston, will be car-pooling to Salinas to take part in an all-day seminar on "Spirituality and Creation Care," being organized by another long-term Los Osos friend, Rev. Caroline Hall. There's probably room in Mike's car. Contact him if interested in joining the expedition.

Trinity UMC joins with an expanding
ecumenical
movement to observe the
"Season of Creation."

We invite all persons who care about the environment to participate with us and with people of faith throughout the world as we celebrate creation and recommit ourselves to its stewardship this September.

Planet Earth is in peril. All creation is suffering. Yet we are a people of hope and affirm that in the abundance of this good earth, there is all that we need to respond with resilience and bring healing.

Come to celebrate with us, to grow in awareness, to increase our commitment and to move from hope to action.

**PEACE
WITH CREATION**
SEASON OF CREATION 2025

SEPTEMBER 2025

The earth belongs to the Lord, and all of us live on it as foreigners or tenants. As Pope Francis stated before his passing, if we truly want to walk the path of peace in our lives, in our community, and the world around us, let us dedicate ourselves to addressing the root causes of injustice, resolving unjust and unpayable debts, feeding the hungry, and standing in solidarity with immigrants who are being separated from their families.
