DISCUSSION QUESTIONS

- ④ Does thinking about a cloud of heavenly witness observing us, provide motivation to you? How important is it to you to persevere through difficulty and see a job completed?
- ④ From our scripture readings, how does Paul tie faith, works, & love together? Do you think that we are sometimes guilty of giving up on something & as a result we lose the blessing that comes with completion?
- ④ How do you interpret verse 12? Do you think that God expects those who have more to share it with those that have less? Can you think of where else in scripture this concept is encouraged?
