DISCUSSION QUESTIONS

- ④ Why do you think many of us try so hard to blend in/conform with popular sentiment? What is the problem with being identified as a nonconformist in our society?
- ④ What made Saul (Paul) so recognizable before and after his encounter with Christ? Is it possible to blend into our secular world and still be a “chosen instrument” of God?
- ④ Are you noticeable in our world if you display compassion, kindness, humility, gentleness and patience? If one lives by those traits, what is the world’s opinion of that individual?
