

Session 1 Introduction

Repetition: Read our passage several times this week (at least once per day until next Wednesday); read a little, a lot.

Translations: Read our passage in several different translations and note any differences that you notice.

Context: Read our passage in context. Go back to John 2:23 and read through the end of Chapter 4. (More adventurous people could read to 5:24, and if you're really feeling into it, read the entire Gospel of John in one reading).
